

# Stefan Majkic

Student

Hi, I'm Stefan and I'm passionate about all things. I work hard. I care about coding and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me diversify my programming knowledge.

## EDUCATION

### Bachelor's Degree, Professional Engineer of Information Technologies

College of Vocational Studies in Information Technology - ITS

10/2019 - 10/2022

## PERSONAL PROJECTS

Website for Viking Gym (04/2022 - 04/2022)

- Individual Project
- Used Php, Html, Css, Bootstrap
- Developed a gym website with the following features:  
Access information about the gym, shop from the gym store, education about health, and working out properly.
- Receive the highest grade from the professor leading the project.

## WORK EXPERIENCE

### Programmer/Team Leader

Link Group doo Belgrade - LinkHub Internship

04/2022 - 06/2022

Belgrade, Serbia

- Developed a fully functional Job Listing website in ASP.NET.
- My role was to develop a user interface experience. Users can register, filter jobs by criteria, and see available jobs from companies that are hiring. Jobs can be liked and saved or disliked and dismissed.
- As the team leader, I was tasked with keeping the project on schedule, while helping my co-workers remove bugs and errors from the website.
