Stefan Majkic

Student

Hi, I'm Stefan and I'm passionate about a lot of things. I work hard. I care about coding and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me diversify my programming knowledge.

EDUCATION

Bachelor's Degree, Professional Engineer of Information Technologies

College of Vocational Studies in Information Technology - ITS

10/2019 - 10/2022

PERSONAL PROJECTS

Website for Viking Gym
- Indvidual Project
- Used Php, MySql, Html, Css, Bootstrap
- Developed a gym website application with the following features: Access information about the gym, shop from the gym store, education about health, and working out properly.
- Receive the highest grade from the professor leading the project.

TracerEX
- Indvidual Project
- Used C#, ASP.NET Core, SQL Server, Html, CSS, Bootstrap
- Developed a web application that tracks expenses, tracks all the income and expenses, and then shows throw pie charts and other statistics.
- All the income and expenses can be saved and categorized.

WORK EXPERIENCE

Programmer/Team Leader

Link Group doo Belgrade - LinkHub Internship

04/2022 - 06/2022   *Belgrade, Serbia*

- Developed a fully functional Job Listing website in ASP.NET.
- My role was to develop a user interface experience. Users can register, filter jobs by criteria, and see available jobs from companies that are hiring. Jobs can be liked and saved or disliked and dismissed.
- As the team leader, I was tasked with keeping the project on schedule, while helping my co-workers remove bugs and errors from the website.
